

PETROMERICA

POWER STEERING FLUID

Petromerica Power Steering Fluid is a premium quality fluid blended from superior base stocks and select additives to provide protection against wear, oxidation and corrosion. It can be used for complete fluid replacement or as a top off in passenger cars and light trucks. Petromerica Power Steering Fluid meets the service requirements of both foreign and domestic passenger vehicles, trucks, and other equipment specifying or recommending this type of fluid. Always consult your owner's manual for specific fluid recommendations.

Benefits and Applications

- Protects power steering system against wear
- Resists foaming, oxidation, corrosion and rust
- Stops power steering squeaks
- Mixes with all power steering fluids
- Blended from high quality base oils and a balanced additive package
- Suitable for passenger car and light truck power steering systems
- Helps prevent high-temperature steering fade
- Maintains performance in high and low temperature conditions

Power Steering Fluid Typical Characteristics

Color	ASTM D1500	1.5
API Gravity	ASTM D287	27.97
Viscosity @ 100°C, cSt	ASTM D445	7.05
Viscosity @ 40°C, cSt	ASTM D445	33.2
Viscosity Index	ASTM D2270	165
Pour Point, °C/°F	ASTM D97	-51 / -60
Flash Point, COC °C/°F	ASTM D92	185 / 365
Rust Protection	ASTM D655A	Pass
Hydrolytic Stability Test	ASTM D2619	Pass
Brookfield -40C		18000

Typical test data are average values only.
Minor variations, which do not affect performance, may occur.
